

SAVE THIS BEFORE YOU NAME ANYTHING

# 8 checks before you fall in love with a name ✨

# Brandability

WEIGHT 18 / 100

## Could it become a real brand?

### TRY THIS

Picture it on a shop sign, an app icon and a T-shirt. If it only works in one place, keep looking.

### EXAMPLES

✗ DON'T

**BestCandlesOnline**

✓ DO

**Wickd**

✦ **In GoBrandToday:** Four logo looks for every name, so you can see it as a brand straight away.

# Memorability

WEIGHT 15 / 100

Will people remember it tomorrow?

## TRY THIS

Say it to a friend once. Tomorrow, ask them to text it back to you. Did they spell it right?

## EXAMPLES

✗ DON'T

**TheCandleAndWaxCompany**

✓ DO

**Wickd**

✦ In GoBrandToday: Short & Punchy mode: names of four to six letters.

# Pronunciation

WEIGHT 13 / 100

Can anyone say it on the first try?

## TRY THIS

Show it to three people and ask them to read it aloud. All three should say it the same way.

## EXAMPLES

✗ DON'T

**Qwyzzlr**

✓ DO

**Mello**

✦ **In GoBrandToday:** Every name comes with how to say it, plus an “Easier to pronounce” refinement.

# Domain availability

WEIGHT 13 / 100

Can you actually get the domain?

## TRY THIS

Check .com and your local ending (like .in) before you get attached, not after the logo is done.

## EXAMPLES

✗ DON'T

**yourname.com, taken**

✓ DO

**yourname.in, free**

✦ In GoBrandToday: 10 endings checked with prices. Every result tells you how it was checked.

# Distinctiveness

WEIGHT 12 / 100

Does it stand out from look-alikes?

## TRY THIS

Search the name with your category. If you find five near-twins, it won't stand out.

## EXAMPLES

✗ DON'T

**SmartAppify**

✓ DO

**Loopa**

✦ **In GoBrandToday:** Look-alike flags when a name sits too close to a famous brand.

# SEO potential

WEIGHT 11 / 100

Does it hint at what you do?

## TRY THIS

Would a stranger guess your category from the name or its tagline? A hint is enough.

## EXAMPLES

✗ DON'T

**Xorbo**

✓ DO

**Pawse, a dog café**

✦ In GoBrandToday: SEO-Friendly mode. It's a hint, not a ranking promise.

# Global usability

WEIGHT 9 / 100

## Does it work across languages?

### TRY THIS

Check what it means in every language your customers speak, including the slang.

### EXAMPLES

✗ DON'T

**A word with a rude meaning**

✓ DO

**Ojas, Sanskrit for vitality**

✦ In GoBrandToday: Meaning checks in 7+ languages, including Hindi and Hinglish.

# Social availability

WEIGHT 9 / 100

## Are the handles free?

### TRY THIS

Look for the same handle on Instagram, X, YouTube and LinkedIn. Matching handles are easy to find.

### EXAMPLES

✗ DON'T

@yourname\_official\_2

✓ DO

@yourname

- ✦ **In GoBrandToday:** 10 platforms on one screen. GitHub, Reddit and YouTube are checked automatically; the rest get a one-tap check.

THE HONEST BIT

# A score is guidance, not a guarantee ✨

GoBrandToday runs all 8 checks on every name and shows you the maths behind the score. Before you invest in a name, run a proper trademark search.
